PHSE

Intent

Our PSHE curriculum aims to develop learning and results in the acquisition of knowledge and skills which enables children to access the wider curriculum and to prepare children to be a global citizen now and in their future roles within a global community. Our curriculum provides our pupils with appropriate subject knowledge, skills and understanding of PSHE along with health and wellbeing, relationships and living in the wider world. Relationship and Sex Education will be taught in line with the PSHE Matters scheme of work produced by Derbyshire County Council. Children will have accurate and relevant knowledge of PSHE. Children will have opportunities to create personal understanding. They will be given the opportunities to explore and challenge a range of values, attitudes, beliefs rights and responsibilities. Children will develop a range of skills and strategies to live a healthy, safe, fulfilling, responsible and balanced life.
