

Curriculum overview

We will be learning to recognise how we are different and similar to others around us. Throughout this topic, we will consider how people are unique and what makes them special. We will learn how people identify within different groups and communities such as family and school.

Key vocabulary

Community	A group of people that have something in common e.g. a school community.
Family	A group of people that live together, usually they are related.
Unique	One of a kind, unlike anything else.
Different	Not the same as each other.
Common	Having something similar or shared by others.
Similar	Having a resemblance in some way to something else.
Groups	People or objects that are together.

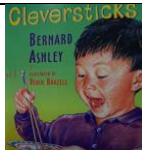

Our topic is...

Being me

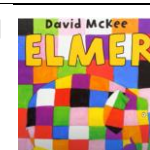

Sticky knowledge

- Being unique means that a person is one of a kind and not like anything else.
- Everyone is unique and special in different ways.
- People can be friends even when they have differences.
- A community is a group of people that have something in common for example, our school community.
- All people belong to groups, some of them are similar for example, a school community. Some of them are different for example, extra-curricular clubs.

Cleversticks by Bernard Ashley

How is Ling Sung unique?
What does he have in common with his friends? Which groups does he belong to?

Elmer by David McKee

How is Elmer similar to the other elephants?
How is Elmer different to the other elephants?
