

Curriculum overview

In this topic, we will explore different types of lines and learn how to control our drawing tools to create marks and patterns. We will look at artist's work and use lines, shapes, and colours to create our own drawings and abstract art.

Key vocabulary

artist	A person who creates artwork using different materials, tools and ideas.
control	Using a pencil, pen or brush carefully to make the lines you want.
line	A mark made by moving a pencil, pen or brush.
pressure	How hard or gently you push your pencil, pressing it harder makes darker lines.
shape	A flat area with an outline such as a circle or square.
abstract	Art that does not have to look like something real.
portrait	A picture, drawing or painting of a person.

Our topic is...

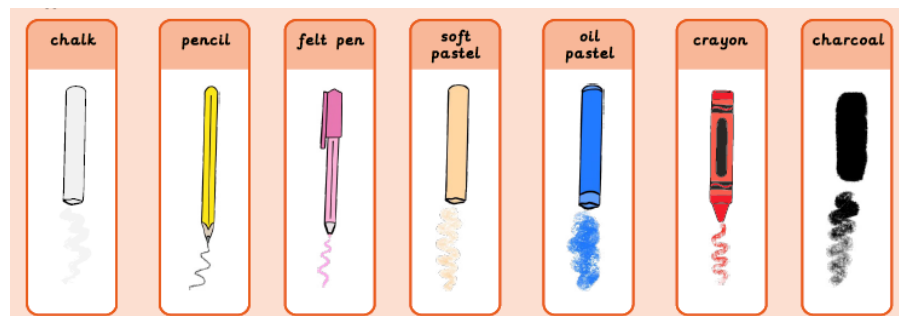

Drawing: Exploring line and shape

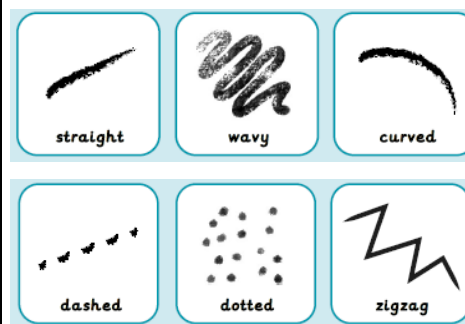

Sticky knowledge

- Artists can use different types of lines to create different effects.
- Different tools make different marks.
- We can spot simple shapes in things we want to draw to help us.
- Pressing harder makes darker marks, pressing lightly makes lighter marks.
- Artists can be influenced by things happening around them.
