

Curriculum overview

We will learn about maps and how they show different places, including the United Kingdom, continents and oceans. We will explore aerial photographs, map symbols and keys, and learn how to follow and describe routes.

Key vocabulary

Continent	A very large area of land. There are seven continents in the world.
Ocean	A very large area of salty water. There are five main oceans.
United Kingdom	A country made up of England, Scotland, Wales and Northern Ireland.
Aerial photograph	A photograph of a place taken from above.
Route	The journey or path taken from one place to another.
Map	A drawing that shows where places and things are.
Symbol	A picture or mark used on a map to show something.

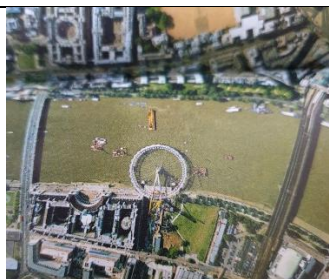

Our topic is...

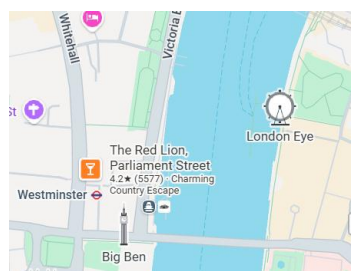

Magical Mapping

Sticky knowledge

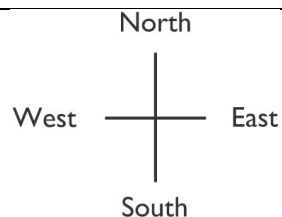

- The United Kingdom is made up of England, Wales, Scotland and Northern Ireland.
- The five main oceans are Atlantic, Pacific, Southern, Arctic and Indian.
- The seven continents are Asia, Africa, North America, South America, Antarctica, Europe and Australia.
- Aerial Photographs show a view of a location from above.
- A route is the journey taken from a start point to an end.
