

Curriculum overview

In this unit, we will learn to sing and play high and low notes, read simple pitch patterns from left to right, and use symbols and dots to represent pitch. We will also learn to recognise when notes stay the same and identify missing notes on a stave.

Key vocabulary

Pitch	How high or low a sound is.
Pitch pattern	A repeated arrangement of high and low sounds.
Dot	A symbol that can represent pitch.
High	Near or at the top of the range of sounds.
Low	Near or at the bottom of the range of sounds.
Notation	How the music is written down.
Stave	Lines that notes are written on.
Phrase	A musical sentence.

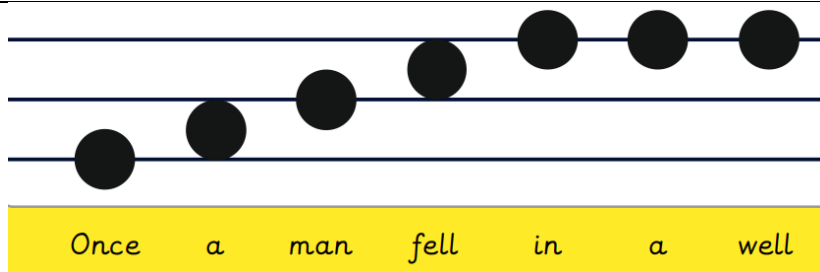

Our topic is...

Pitch

Sticky knowledge

- Notation is read from left to right.
- Representations of music that are further up the page are higher sounds.
- Representations of music that are further down are lower sounds.
- Sound in music can be described as high or low.
- Pitch is how high or low a sound is.

Watch the video to practise recognising and singing high and low pitch.
